

YOUR MILLION DOLLAR IDEA ISN'T WORTH A NICKEL

... unless you do something about it

AN IDEA! And right at hand an easy means of getting it down on paper... an Underwood Portable!

WHO knows what your ideas are worth until you try them out yourself—record them on paper, put them in shape for discussion with people who really count?

And who knows any better way to register an idea or to attend to any writing detail than to "get it down on paper" by means of an Underwood Typewriter Portable.

The Underwood Typewriter offers the Champion Keyboard, Sealed Action Frame, Dual Touch Tuning, and many other features. Beginners find it easy to operate and to turn out a fine looking typing job. People who've seen it enthuse about its new modern design.

Get an Underwood Typewriter—Let it inspire you to develop your ideas... to make your dreams come true. See your nearest Underwood Dealer or mail the coupon.

Steel Wool Improves Car's Hot-Air Heater

YOU can make your manifold-type, hot-air heater much more efficient by inserting a fluffy wadding of steel wool in the heater casing so that it comes in contact with the manifold, as shown. It should be packed so that it slows up the flow of air and provides a larger heating surface, but not so solidly as to create any danger of overheating the manifold. It is a good idea to fill the heater only half full at first. If this is not enough, more wool can be added until adequate heat is provided.—S.L.

Leather Strap Is Aid in Installing New Fan Belt

USE of a leather strap helps when installing a new fan belt on a car. Place the fan belt over the fan and crankshaft pulleys, and loop the strap around the fan belt as in the drawing above. Pulling the looped strap makes it an easy matter to stretch the new belt so that it easily slips over the generator pulley.—N.V.
